

FIRST MONEY GOES TO COTTON STATES

Character of Securities Needed to Get Government Funds For Crop Harvest Will be Announced After Thursday.

WASHINGTON, Aug. 12.—Definite announcement regarding the character and amount of commercial paper that will be accepted by the treasury department as security for the additional \$50,000,000 of government deposits to be placed in the agricultural states will not be made until after the last conference with the bankers from the far western states on Thursday. It was indicated at the department Monday, however, that the proportion of commercial paper accepted will be larger than was at first planned.

This, it was said, was one of the results of the conference already held with the bankers from southern and central western states. At those conferences it was urged upon Secy. McAdoo that good commercial paper, passed upon by either the sub-treasuries or the clearing house committees, would be ample for the amounts to be deposited in the various states thus far decided upon. The bankers also requested Mr. McAdoo to modify his first insistence that at least 10 per cent of the security be government bonds.

The apportionment of the funds will not be begun until after the last conference, although tentative arrangements for distributions have been made. The department expects to place at least half of the \$50,000,000 in the cotton states and the deposits are to be made in that section first because of the earlier movement of the cotton crop.

VOTING MACHINES CAUSE OF FIGHT

Former Mayor Pickler of Ottumwa Takes Exceptions to Newspaper Article and Calls on the Reporter.

OTTUMWA, Ia., Aug. 12.—Affidavits by former Mayor T. H. Pickler and verbal statements by L. L. Duke, were offered at the hearing held here Monday by the Illinois legislative committee investigating the alleged Chicago voting machine scandal. N. L. Arrison and J. W. Gray were scheduled to appear but told the committee they would not testify.

There was a fight between Mr. Pickler and B. C. Clarke, a representative of the Chicago Inter-Ocean. The latter in his story of the affair, which appeared in his paper Monday, was alleged to have given the impression that the Ottumwa was in hiding and could not be found.

Mr. Pickler held a conversation over the telephone with the newspaperman Sunday night and took offense at the article as it appeared Monday. Upon meeting Mr. Clarke on the street Monday he upbraided Clarke for his story and blows were struck. Friends prevented the fight from becoming more serious.

The inquiry lasted only a short time. Chairman L. I. Butts and the members of his committee returned to Chicago late Monday.

The affidavit of Mr. Pickler told of his meeting with H. W. Barr of the voting machine company in Ottumwa and the proposition to make him acquainted with a leader of the Hearst faction in Chicago. He confined himself to his own personal experience and refused to tell of other conversations. He also admitted a copy of the contract drawn between the voting machine company and the three Ottumwa stipulating \$1,000 as payment for the work done by them.

DISEASES OF MEN

Men Cured to Stay Cured Forever

I Do What I Advertise, I Advertise What I Do

O. F. FLEENER, M. D., Expert Doctor for Men. Over 14 Years a Specialist.

Dr. Fleener is the most capable, experienced and reliable man's specialist in South Bend. Thousands are seeking his accurate advice, advanced treatment and positive cures.

Science wins over disease and weakness. No need to suffer and "doctor" the "old way". Don't let doctors drag you along months. Come and investigate for yourself the wonderful advances I have made and how little it costs to get well.

Weak Men

Every day I have been explaining to you the CAUSE of weakness and HOW I CURE IT. My statements have been straightforward and to the point. Many men have called, some advanced in years, who had given up all hope of ever regaining their lost vitality. After thorough investigation nearly every man placed himself under my care. Today you cannot find happier or more grateful men. They improved FROM THE VERY FIRST TREATMENT. Not only was their vital strength fully restored, but they find the CURE to be PERMANENT. A common statement was: "I WOULD HAVE COME TO YOU LONG AGO IF I HAD KNOWN HOW LITTLE TIME AND MONEY IT COST FOR A CURE." IF need any help, don't hesitate. If I don't make you strong you don't need to pay one cent.

Blood Poison

Neo-Salvarsan "914" The Intravenous Method, directly into the Blood—the only way it should be given.

No man need deny himself services for lack of money. If you need the treatment, call.

"914" Salvarsan is today acknowledged even by those who first doubted the permanency of the cure, to be the greatest discovery of the age. It has been in use for over two years and the results obtained are not only permanent but miraculous. I use more of this remedy than all other specialists put together; therefore, my experience is of greater value to the patient than that of any other specialist.

In the very large number of cases in which I have used the remedy I have not had one single failure. Every symptom of the disease from the eruption to the running sore, from the red to the destruction of tissue and bone, was checked within twelve hours after its administration. There is no longer the slightest doubt about the wonderful curative power of the remedy, and in the hands of an expert specialist there is absolutely no danger of any kind from its use. I introduce it directly into the blood. I keep you in my office from two to four hours—no longer. Then I make a Weasenerman test of your blood. The test tells its own story. It tells you that you are free from the disease. It gives you a new license to live a good and pure life. It is, indeed, a blessing to mankind.

My equipment for the proper administration of this German remedy is the finest in Indiana and second to none in the United States. I prefer to have the patient present while I am preparing the solution so he may observe the technique I follow in the preparation of "914". It would be well for the patient to bring a friend or his family physician if he so desires.

Hydrocele

My method is direct, positive, painless, does not detain you from your occupation or home and I give you my word and absolute guarantee that it effects a radical and permanent cure.

Varicocele

My method is direct and absolute. It is painless, does not keep you from your work. It re-established healthy circulation and restores vigor. I give you my word and guarantee to you that it results in radical and permanent cure.

Bacterin Vaccine for Men's Diseases
